

7 April 2020

To all North Shore Clubs:

You are of course aware that, with all bowling activities suspended by both Women's Bowls NSW and Bowls NSW, our District program for the year is "on hold". Our ability to complete events that were already in progress, such as Pennants and the Championship program, is in the hands of the State Association, which has announced that the following events have at this stage not been cancelled, but are "UNDER REVIEW FOR NOW until further notice":

- Women's Bowls NSW State Championships
- Women's Bowls NSW State Pennants (all disciplines and divisions)
- Champion of Club Champions Singles
- Champion of Club Champion Pairs
- Weekend Pennants
- Summer League

Whilst our District had already completed some championship events (Open and Senior Pairs, Open and Senior Fours and Mixed Pairs), we of course cannot proceed with the remaining events as planned. The closing dates set for the Triples and Singles therefore no longer apply and, since it is not possible to know whether the State Championships will be concluded in some form this year, any entry fees the District had received before the suspension of bowling will be refunded. If the District should be advised in coming months that the 2020 Championships at District/Region/State level are to proceed, we will announce playing dates for the Triples and Singles and start the entry process afresh.
